DUTY STATEMENT

JOB TITLE: Nurse Consultant III

POSITION #: 472-057-8181-102

POSITION DESCRIPTION: The Nurse Consultant III (NC III) performs monitoring, training and complex nursing consultation related to the Adult Residential Facility for Persons with Special Health Care Needs (ARFPSHN) and other residential programs. The NC III functions as a health professional providing nursing consultation, training, and technical assistance to residential service providers, regional center staff, and/or physicians related to consumer health care in the community. In addition, the NC III may review program plans for small residential facilities assuring compliance with state and federal regulations, and may provide quality assurance and standards of clinical practice related to health services for persons with developmental disabilities, including, but not limited to, approving specialized procedures for residential facilities.

SUPERVISION EXERCISED: None.

SUPERVISION RECEIVED: Reports to and is under general direction of the Manager, Programs and Policy Branch.

EXAMPLES OF DUTIES: The NCIII provides monitoring and technical assistance to regional centers and ARFPSHNs to ensure compliance with licensing and certification requirements. This requires on site visits to each licensed facility every six months, or more often if necessary. The NC III functions as a lead health professional liaison providing nursing consultation to departmental staff, regional centers, Department of Social Services staff, Department of Public Health staff, Department of Health Care Services staff, and residential providers on nursing care issues related to individuals with developmental disabilities.

Essential Job Functions:

- 30% Monitor regional center and service provider compliance with the ARFPSHN requirements, including, but not limited to, assuring that appropriate health care is provided as prescribed in each consumer's Individual Health Care Plan and in accordance with the providers written policies and procedures.
- 25% Develop, implement and update, as needed, the written protocol for monitoring ARFPSHN facility compliance to ensure that the facility meets current requirements for the provision of health care and licensure. Provide technical assistance to regional centers and ARFPSHNs regarding the licensing and certification requirements. Provide on-site visits to each ARFPSHN every six months, or more often as necessary, to assure that each ARFPSHN maintains compliance with the licensing and certification requirements.

Essential Job Functions (cont'd):

- 20% As the Department health professional liaison provide nursing consultation to other departmental staff, regional centers, Department of Social Services staff; Department of Public Health staff; Department of Health Care Services staff; and residential service providers on residential programming and nursing care issues related to the unique characteristics, behaviors, and health care needs of regional center consumers.
- 10% Provide training, as appropriate, in current principles, techniques, methods and procedures of current nursing practice to residential service providers in the community and as needed; analyze and document situations that may jeopardize consumer health and/or safety; and recommend appropriate action to the service provider, regional center and/or the Department.

Marginal Job Functions:

- 5% Assist DDS information technology staff to maintain reliable information on trends related to residential services. Assist with data gathering and reviewing for evaluation purposes to support a progressive DDS service system.
- 5% Assist in the development of regulations related to implementation of residential services, as needed, and prepare reports, contracts, bill analyses, budget change proposals, and other written documents that respond to inquiries, issues, complaints related to residential services.
- 5% Review program plans for small residential facilities assuring compliance with state and federal regulations, and provides quality assurance and standards of clinical practice related to health services for persons with developmental disabilities, including, but not limited to, approving specialized procedures for residential facilities.

WORKING CONDITIONS: This position is located at Headquarters and requires approximately 35% to 40% statewide travel, has tight timelines for submission of evaluation reports, and will require working on a personal computer 20% to 40% of the time.

DESIRABLE QUALIFICATIONS:

Principles, techniques, methods, and procedures of current nursing practices; epidemiology and methods of health promotion and disease prevention concepts and methods of control of communicable diseases; current philosophies and patterns of nursing education; principles and methods of consultation; group process and problem solving; research principles and methodology; roles, responsibilities, and interrelationships of the various health disciplines and health agencies; functions of social and health agencies; cultural and sociological patterns as they affect health programs; State and Federal legislation related to health services; management problem-solving methods; principles and methodology of research; current trends in the fields of nursing education and health care services; interagency and interdisciplinary relationships.

JOB TITLE: Nurse Consultant III

POSITION #: 472-057-8181-102

DESIRABLE QUALIFICATIONS (cont'd):

Work independently; effectively provide consultation and technical assistance; establish and maintain the confidence and cooperation of those personnel within the department and in other social and health agencies; analyze situations accurately and take effective action; be flexible in approach to the solution of problems; communicate effectively; prepare reports.

CERTIFICATION OR LICENSE: Must have an active valid license as a registered nurse in California.
